2001 MHS

Medfield High School

These are the Days

We've spent these years having fun together
And said that we'd be best friends forever.

We've tried to do things we never thought we could
We've done some things we never thought we should.

For mid-terms and finals, we studied for days
We've done chorus and band, and acted in plays.

These teachers and halls, we'll never forget
The glories and failures, the tears and the sweat.

The dances and trips, lectures and classes
We've traded sweats for Abercrombie,
and contacts for glasses.

Our sports teams are legendary, and so are our fans
Grades battled in penny wars and collected cans.

I guess we can say that these times have been great
But it's just the beginning,
we have much more on our plates.

So when signing our yearbooks, or on graduation day
We'll turn to our classmates, and maybe we'll say:

"These are the days," and I'm glad you're my friends
Good luck class of 2001, for this isn't the end.

These are the days

As we travel through life we encounter different kinds of people and go to many different places. Each and every one of these places leaves an imprint on our lives.

In high school we learn, we play, and we grow as individuals. ***These are the days*** to remember. The friendships that last forever blossom during our four years here at MHS. Our teachers, coaches, and classmates give us the information, the dedication, and the drive to go out into the world in order to succeed at whatever it may be that we choose to do.

As you look back at your experiences here at MHS remember both the good times and the bad, the achievements, and even the failures because you grew with each day that passed. After four years we're prepared to take on the responsibility of adulthood, but these will always be the days to remember.

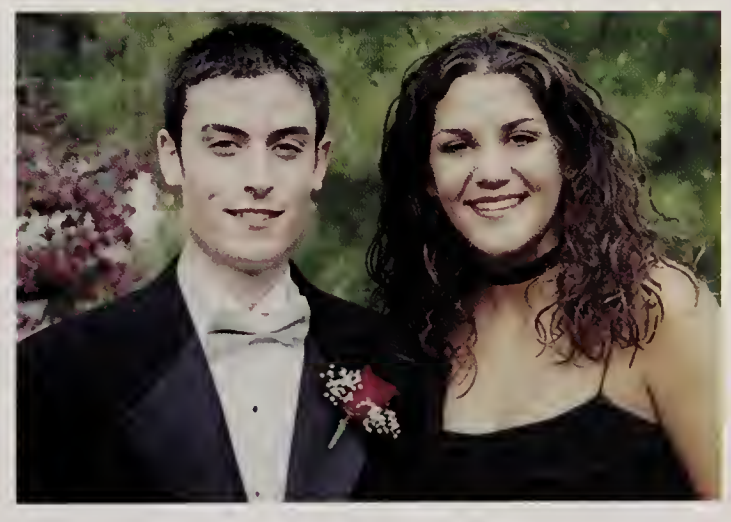
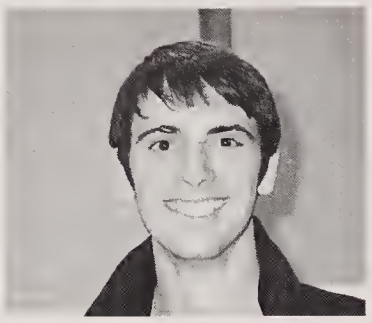
These Are The Days

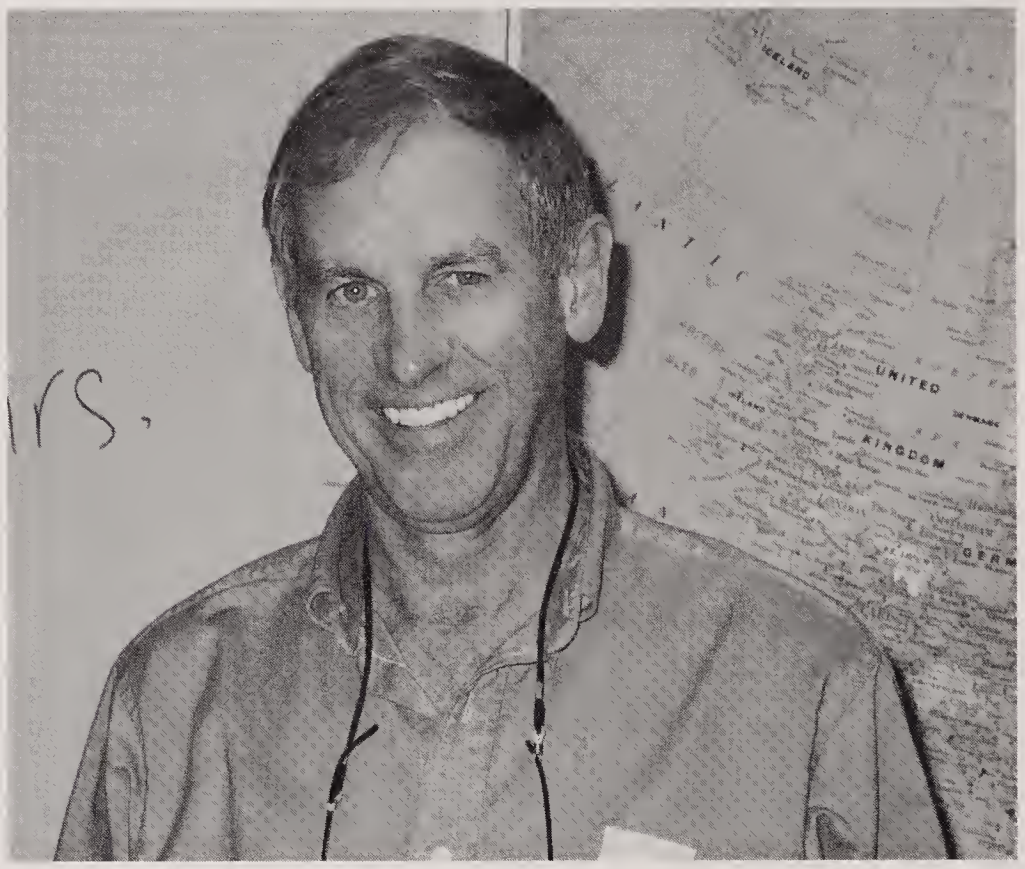


Dedication Mr. Shea

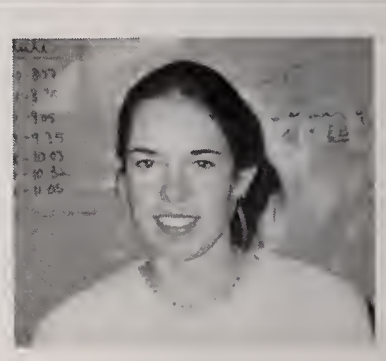
He's given all his A's away!



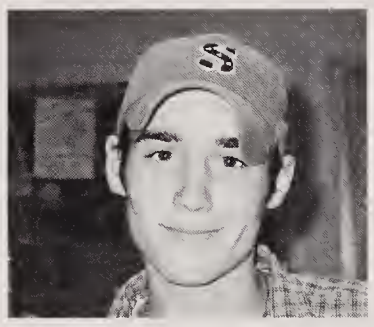
"Thank you for being a great coach and mentor, not only for me, but for all other runners as well. You are a big part of our successes and championships. Thanks for everything and good luck!"
-Ryan Grillo



Mr. Shea



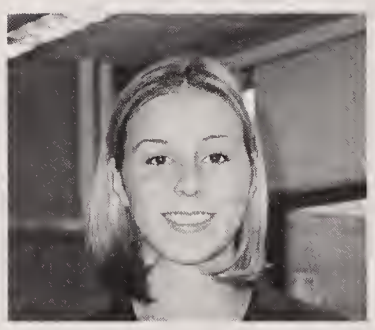
"I'll never forget Mr. Shea's incredible smile and all I learned in his class."
-Jess Grant



"Thank you! You've given so much to the cross-country team as well as to your students and the school. You will be missed."
-Kevin Lang

"Thanks for all the fun times in class. You've given away all your A's, and I've gotten all my Z's."
-Rich Grochmal

After the last books are put away this June in room 130, there will be more than just students missing. Mr. Shea, one of Medfield High's most loved teachers, will have conducted his last class, and ended his unbelievable teaching career at MHS. His countless hours of work, both in and out of the classroom, have not gone unappreciated. Mr. Shea is more than just a great teacher, he contributes so much to many aspects of MHS. He started the girls cross-country and track teams, he was the athletic director, head of the teacher's union, and a teacher of history, political science and behavioral studies. In his classroom, he has been known to keep people awake during videos by flicking their ears, and always doing so with a smile on his face. Always in a good mood for classes, he created a positive atmosphere for his students to learn in. Outside the classroom, Mr. Shea also displayed great attributes. During cross-country practices he would drive around town with water for the runners, and always would give the injured runners a lift back to the school. He has been cross-country's biggest fan, and has always had a smile for each and every person he sees. This is why we will miss Mr. Shea next year. Not because "Shea's Lounge" won't be around anymore, but because of who he was, and everything he has taught us. Enjoy your retirement Mr. Shea, and good luck. You will be greatly missed.



"Mr. Shea, you are such a well-liked teacher and coach, it's going to be hard to imagine the school without you. Although we will miss you, we will never forget what you have contributed to us."
-Anna Petras

"Mr. Shea has saved me from tardiness on a daily basis. To put it simply he is "T" man, "T" standing for The."
-Chris Stanley

"Mr. Shea has given so much to the school throughout his years of teaching, including his fun-loving attitude at cross-country. He will be missed by all."
-Colleen McManama

"Mr. Shea has touched so many students lives during his teaching career.He has given so much to the high school and will be missed greatly."
-Kate Norberg

Words of Wisdom: Faculty Advice

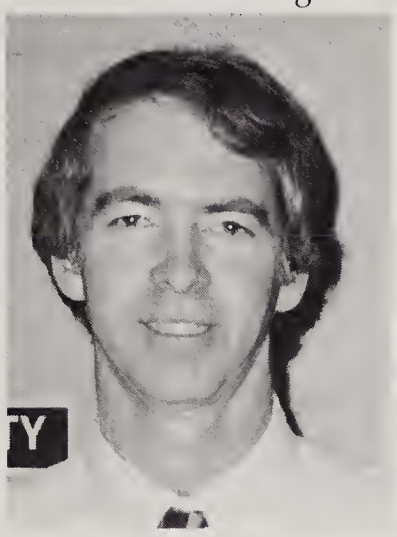
To the Senior Class

"We will miss you! As you scatter into new corners of the world, remember to 'step to the beat of your own drummer,' to write multiple drafts and proofread, to share your talents with each other, and to to meet challenges with determination, creativity and humor."

-Ms. Thomas

"Good luck class of 2001 as you head off into the open oceans of the future. To quote Oliver Wendell Homes,'In this world it is not so much where you stand as in what direction you are moving. To reach the port of heaven, you must sail sometimes with the wind and sometimes against it----but you must sail, and not drift, nor lie at anchor.'"

-Mr. Desorgher



"Whatever you do, wherever you go, whether people know and love you or not, <u>believe in yourself</u>, and know that you have special gifts to offer others that will help you and your world grow in all goodness."

-Miss Hobson

"It has been a fun and exciting four years at Medfield High School. I wish you all the very best for the future. Congratulations and good luck class of 2001."

-Mrs. Davidson

Class of 2001,

The best, the brightest, and the most inventive...rise and shine!

-Jane Giessler

"I would like to wish all of you the best of luck in the future. Your class has provided all of us with so many memories. I look forward to hearing of your successes in life. Remember,'Always keep your "socs" on. It's not what you can do, it's what you ought to do.'

-Mr. Gibbs

"To thine own self be true (Shakespeare)." Follow your dreams and good luck!

-Mrs. Greene

"It has been a pleasure knowing and working with you all. May each of you keep your feet firmly planted on the ground, but let your aspirations rise to the clouds. Have a great ride in finding your own happiness. Good Luck to all."

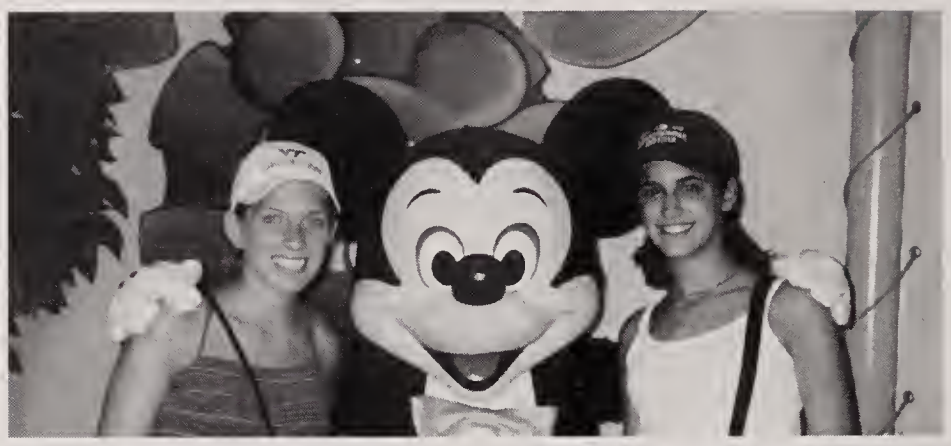
Crusin' Through the Years



Four years ago the class of **2001** walked into **MHS** for the first time. Since then, students have had many fun memories, but not only of their friends. Over the past four years there have been events, both nationally and internationally, which have impacted the world in some way and thus each of us.

1997—On February 26, the Israeli government approved the establishment of a Jewish settlement in east Jerusalem, setting back Middle East peace talks. Actresses **Ann Heche** and **Ellen DeGeneres** confirmed their relationship to the public on April 25th. The **New England Patriots** lost the Super Bowl to the Green Bay packers, 35-21. In music history, **Shawn Colvin** won the best record of the year for **"Sunny Came Home,"** and **Bob Dylan** won the best record with, **"Time Out of Mind."** The movie **"Titanic"** was the best picture of the year. On July 1, **Hong Kong** was returned to China and relinquished from British rule, after one hundred and fifty years. This shift had the people of Hong Kong in a condition termed, **"transition of life." Gianni Versace**, a fifty year-old Italian designer, was killed after returning from a late night walk outside his apartment on July 15th. Tragically, on August 31, **Princess Diana** was killed in a car crash in Paris, while attempting to elude the paparazzi. Her companion and driver were also killed in the crash. Investigators think the driver was under the influence of alcohol, at four times the legal limit. Soon after Diana's death, **Mother Theresa**, a symbol of love and peace, also died. In Oklahoma City, **Timothy McVeigh** was convicted of the **Oklahoma City Bombing**, and during a comeback fight, **Mike Tyson** bit off a piece of **Evander Holyfield's** ear. In golf, **Tiger Woods** rose to star status by winning the **Masters**.

1998—**The Olympic** Games were held in Nagana, Japan, and were the last Olympics to be held in the 20th century. **The United States** finished 6th overall, with 13 medals. On May 11, India set off three underground atomic test bombs in northwestern desert lands. This testing was done in direct defiance of worldwide pleas to terminate the project. Becoming the oldest person to travel in space, on November 7, **John Glenn** took his second space mission aboard the shuttle Discovery. Glenn, age 77, traveled for ten days, while studying the effects of space travel on older people. On November 25, **Dr. Kevorkian** surrendered in Michigan. He was charged with murder for administrating a lethal injection to a terminally ill man who wished to die. On December 19, **President Bill Clinton** was **impeached** on two charges of perjury, and one charge of obstruction of justice, in his involvement in the **Lewinski sex scandal**. **Celine Dion** won the best record of the year for, **"My Heart Will Go On,"** and **Lauryn Hill** won the best album of the year for her work, **"The Miseducation of Lauryn Hill." "Shakespeare in Love"** won the best picture of the year, and **Mark McGuire** beat **Sammy Sosa** in the race for most home-runs in a season.

Crusin' Through the Years

1999—George Clooney, who played the maverick pediatrician on **ER** since 1994, left the show, leaving many teenage girls without their favorite doctor. On March 8, **Joe Dimaggio** died, at age 84. A lung cancer patient, he died after complications from surgery could not be fixed. On April 20, **Littleton, Colorado** and the rest of the US, was shocked to learn that two students from **Columbine High School** opened fired on their classmates in the library, and other rooms, killing twelve students and one teacher. The two gunmen, **Eric Harris** and **Dylan Klebold** killed themselves before they could be apprehended by policemen. On May 21, **President Clinton** signed an **"Emergency Spending Bill"** to pay for **Kosovo**. This covered most costs associated with the bombing campaign in Yugoslavia. On July 16, **JFK Jr.** and his wife **Carolyn Bessette Kennedy**, along with his sister in-law **Lauren Bessette**, crashed off the coast of Hyannis, Massachusetts. The new **Massachusetts driving law** went into effect throwing newly licensed drivers into an uproar. **"American Beauty"** won best picture. On July 23, **Woodstock '99** kicked off its three day run in **Rome, NY**. It resulted in a riot, where three women were raped, and a stage was set on fire by the crowd. In addition, many people felt that having computers accessible to check e-mail was not in the spirit of the original Woodstock. Tragically, after making the winning putt in the **Ryder Cup, Payne Stuart** died in a plane crash. In sports history, Both **Michael Jordan** and **Wayne Gretzky** retired, and **Wilt Chamberlain** died.

2000—**Medfield High School**, after having an interim principal for the 1999-2000 year, now has **Ms. Ann Ashworth** at the helm. **Gas prices skyrocketed** all over the country. This situation left many students here in Medfield with either no money, or no gas in their cars. On January 18, **Michael J. Fox** announced he would leave **Spin City,** to lobby for a cure to **Parkinson's Disease**. **Patriots Coach Pete Carrol** was fired, and **Bill Parcells**, Jet's head coach, submitted his resignation. Tragically, on September 21, **Sergeant Daniel J. McCarthy**, a **Medfield police officer**, and town **D.A.R.E officer**, was struck and killed by a car, while directing traffic on Route 109. He left behind a wife and five children, and will be missed by all who knew him. On June 23, **Elian Gonzalez** was returned to his father. After the **US Supreme Court** rejected appeals from Miami relatives, the two flew home to **Cuba** on June 28. The first "first lady," **Hillary Clinton**, runs successfully for the **New York Senate**. On **election day** this year, **no President elect** was determined. There were wrongly cast ballots due to faulty **chads** on the ballot punch card. After many hearing and appeals in both the Florida Supreme Court and the United States Supreme Court, the latter reversed Florida's decisions, and Al Gore conceded to Bush. On December 13th, Bush addressed the nation as the **President elect**. In addition, Bush appointed General Colin Powell to the Secretary of State position, the highest ever to be held by an African-American.

After four years, the class of 2001 is leaving MHS. In June they will walk across the stage, receive their diplomas, and turn their tassels. Undoubtedly, they will take their memories from MHS with them, and a better understanding of the world around them.

"The Chinatown Connection"

The Legend of the Chinaman: < gong > "Yeah, it's over now" - AiC. Hmm, the power goes out the night I have to do this thing All I have to say is "Thank God for laptops." Well, I also have to say: "I can't believe it's not butter" and "Fight the power, mon!" Word. Greets fly out to my friends (you know, THEM), my fans (very good at staying unnoticed), and, of course, my family. It's been an interesting few years. Kind of freaky and scary at times, but not too bad. Sort of like a gorilla midget. "Mmm, root beer." And to quote the great Carlin, "Everyday I surpass my own record for the consecutive number of days I've stayed alive." P'chuh-chuh. Tairan Zhang

In the new millenium the Student Council has been changing their ways. From fundraising for our fallen officer, Officer Dan McCarthy to planning monthly dances. This year their advisor Mr. DeSorgher helped to mold their group into a very influential part of the high school. The Student Council has donated money for a brick to be dedicated to two past principals, as well as donating their time to help the Lions Club set up Christmas trees. The Student Council will take their annual trip to the

Massachusetts Association of Student Council Conference in Hyannis. Their contributions through penny wars and spirit week have made this year fun and exciting!

Peer leaders are trained in a variety of topics including: healthy relationships, substance abuse prevention, violence prevention, diversity, stress management, suicide prevention, depression, eating disorders, grief and loss, child abuse and neglect, and self esteem. Peer leaders are involved in a number of projects and activities during the year. These projects include: mentoring, educating, tutoring, and 8th grade and new student transitions. They have organized an assembly for safety driving awareness, built gingerbread houses with the elderly, and organized taking pictures with Santa.

The Drama Society, under the direction of Ms. Mehleis and assisted by Mrs. Mary Ann Hatem had a very successful year. For Medfield's three hundred and fiftieth anniversary the society along with the town's historian and social studies teacher Mr. DeSorgher provided a lantern grave yard tour. Members performed historical reinactments as well as writing the scripts. This year's fall production, *Dracula* was followed by *Making Nice* as their competion play and *Damn Yankees* the spring musical. Some members also entered a Shakespeare Competion sponsored by the English Speaking Union. Students would perform monologues and Adrienne Boris from our high school was chosen to go to the regional competion. The Drama officers, President Kathryn Outchcunis, Vice-President Meenakshi Chivukula, Secretary Anna Murray and Treasurer Ross Cardarelli, assisted with the operation and public relations of the society this year. A lot of work also went on behind the scenes. Stage Managers: Meenakshi Chivukula, Juliet Moser, Sarah Meaney, Brandon Todesca, Anna Murray, Kate Martin, Brad Harcourt, Ali Krasnow; Tech director Mike Ruggnetta and lights managers Mike O'Malley and David Louttit assisted in all the plays running smoothly.

MUSICAL MADNESS

The Medfield High School Music Department has three new faces this year. The new concert band and jazz ensemble director is Doug Olsen, who is moved in from the middle school. Mrs. Wroten, from the Holliston music program is the new concert choir and jazz choir conductor, and Mrs. Farly is our new orchestra conductor. All of the music groups are preparing pieces to play during concert performances, competitions, and festivals.

The Medfield Music Program has grown significantly over the last nine years, from sixteen members to well over one hundred members, under the direction of Mr. Richard Pearson. The music students from the class of 2001 would like to thank him for three great years, and wish him luck in Foxboro.

All Stars on the...

Yearbook Staff

The 2000-2001 yearbook staff is made of Senior class all-stars, who not only know how to meet deadlines and crop photos, but also the value of a laid-back atmosphere. Each deadline during the course of the year was met with ease and punctuality. But while at times there was tough work to be done, there was also some down time due to the early completion of many deadlines. In such cases a hacky sack was used to pass the time.

Field Hockey

Chicks With Sticks

Many people thought that the outcome of this year's field hockey season would shadow the past few years, but they were dead wrong. The varsity squad,led by co-captains Tamara Sullivan and Joelle Sobin and fourteen seniors with enthusiasm, dedication, and high expectations took their team to tournament for the first time since 1997. The girls finished the season with a 9-6-4 record and were seeded 6th in the tournament which sent them on a two hour journey to Harwich where they lost 1-0 in sudden death overtime. Although the loss was upsetting, the girls sported nothing but tears of joy for having met their team's goal: to make it to tournment.

This season proved to be one of the most successful seasons because of the team's positive attitude and the encouragement of both teammates and coaches. The underclassman, especially the junior players, were unbelievable. Coach D'Ambrosia and Mrs. Shean never put limits on our team's capability, and they believed that we had the talent to do what it took to meet our goals. THANK YOU!

In pre-school you brought home "treasures" for me,
Tiny bugs, works of art and scrapes on the knee,
Throughout elementary and middle school too,
Your growing mind and many talents began to
shine through.
In high school an individual is difficult to be.
Perhaps, just on this, we can agree?
Honors classes, athletics, music and such-
A job, time with friends, was never too much.
Unique, intelligent and a comedian too -
Robert Frost, my son, my treasure, that's you!

Kelly Williams

You Know Me

"Sometimes the light shines on me
other times I can barely see
lately it occurs to me
what a long strange trip it's been."
-Grateful Dead

Closing

Say Goodbye

Junior Salute

"And then you knew, truly, that it was really almost over. Or, that it was really about to begin."

There are a thousand things that a hundred people will say to you in the next few months, much of it cliché. If you carry only one of those clichés with you, let it be mine now that a picture is worth a thousand words. Turn to a page in this book. Even if you hated being in pictures, you're still probably somewhere close by. Maybe you were the photographer, or maybe you're the tuft of dark hair hiding behind a broad-shouldered football player. Even if you weren't there, maybe your best friend is the beautiful smile in the center. Look past the pictures, and you can see through infinity from right where you are. If you get a chance, go back to the room where that picture was taken.

Try counting how many mornings you stood next to that same doorway.... That's where you, recently, were standing when your best friend ran up to you that fateful day. She asked you briefly why you didn't answer your phone the previous night, and then suddenly told you with a forced and transparent nonchalance where she was going to college. And then you knew, truly, that it was really almost over. Or, that it was really about to begin.

You, and one-hundred forty-one of your classmates, are leaving high school. Before you leave forever, take a few moments to walk through these hallways. Think about the three senior classes you knew before you, and the three senior classes that you have been role-models to. From these hallways, take with you memories of those people, because you have influenced their lives and they have influenced yours. Above that, though, take with you memories of the people you are forever bound to, by twelve years together, and by the title Medfield High School's Class of 2001. *-Sean Mangan*

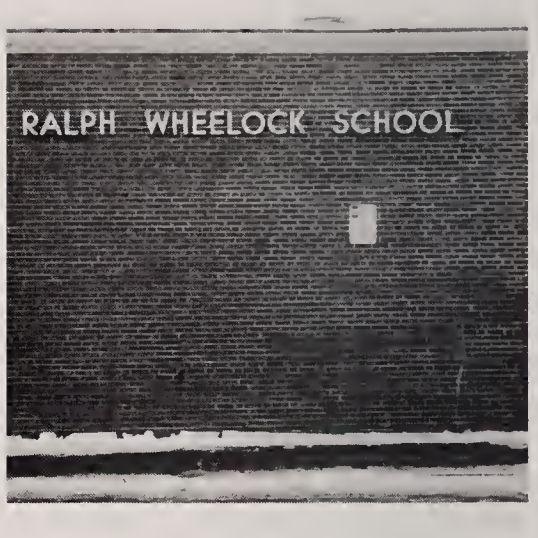
Small Town

...Well I grew up in a small town...



...and I can breathe in a small town...

As the year comes to a close, we are reminded of all the things we have done together growing up in this "Small Town." Traveling for twelve years, through four schools, we have created a strong bond of friendship with each other. In June, the class of 2001 will leave MHS, receive their diplomas, turning their tassels as they walk across the stage. Some may even toss them in the air, while the juniors look on with anticipation toward their own graduation next year. As seniors, they will finally be able to drive to school everyday, the sophomores will finally be juniors, and upperclassmen, and the freshmen will no longer be foolish froshies. But the class of 2001 will be moving on from Medfield High School, leaving a childhood of memories behind. Undoubtedly, we will miss all the good times we have shared, our teachers, families, and of course, our friends. But more importantly, we will continue to grow and learn, each on our own separate paths. We will miss sharing our lives with the friends we have known, grown up with, and experienced so many things with. But we will remember our past as we end this chapter of our lives, and look forward to our futures, and all they may hold. Good Luck Class of 2001, may you find happiness and success in all that you do.

...all my friends live in this small town...

...and that's good enough for me...
